

Making Salsa: Proportional Reasoning Activity

(Beta Release)

DOCTRIVA LEARNING

1. Quick Start Checklist:

Print Student Document: Print and copy double-sided and stapled (if possible). One copy for each student and whatever extras you think are necessary.

Print Substitute Document: Print one copy of the substitute document double-sided. It contains information to help the substitute lead the activity and help students. It also includes a form for providing feedback to the teacher.

Calculators: This activity can be completed without calculators. Students who struggle with the decimals in Part 2 can round and estimate to compare prices. Teachers may allow the use of calculators at their discretion.

2. Document Summary

Student Document: The core activity. Includes scaling a recipe, a shopping comparison, and a choice of three leveled extensions.

Substitute Document: A guide for introducing and facilitating the activity that mirrors the student document. Includes a built-in "Substitute Report" for easy feedback on class behavior and engagement.

Teacher Information: Includes information about the activity, standards alignment, a grading rubric for the evaluation section, and the full answer key.

3. Beta Evaluation – Your Feedback Needed!

After using the activity, please consider taking a few minutes to tell us how it went. Help us to refine this activity and support the creation of other Emergency Lesson Plans.
